CASE Tokens MAY HAVE NO VALUE. BUYER MAY LOSE ALL AMOUNTS PAID.

Buyer has carefully reviewed, acknowledges, understands and assumes the following risks, as well as all other risks associated with the SAFT (including those not discussed herein), all of which could render the CASE Tokens worthless or of little value:

7.1. Rights, Functionality and Features: Purchase of the right to future CASE Tokens does not guarantee that the CASE Ecosystem will work as expected.

7.2. The risk of blockchain delay. The **Buyer** acknowledges and understands that the blockchain may not carry out the **Buyer's** transaction at the time when the **Buyer** is waiting, and the **Buyer** may not receive CASE Tokens on the same day when the **Buyer** transferred the payment.

7.3. Token Security: CASE Tokens may be subject to alienation and / or theft. Hackers or other criminal groups or organizations may attempt to cause harm in various ways, including, but not limited to, malware attacks, DoS attacks, coordinated attacks, smurfing and spoofing. In the event of software errors or irrecoverable shortcomings, the holders of CASE Tokens are not guaranteed any legal protection, refund or compensation.

7.4. Access to Private Keys: CASE Tokens purchased by **Buyer** may be held by **Buyer** on a **Buyer’s** wallet which requires a combination of private keys, for access. Accordingly, loss of requisite private key(s) may lead to loss of CASE Tokens. **Company** is not responsible for any such losses.

7.5. New Technology: The **CASE Ecosystem** now is new and untested. Even if and when the **CASE Ecosystem** will be completed, implemented and adopted, it might not function as intended.

7.6. Uncertain Regulatory Framework: The regulatory status of cryptographic tokens, digital assets and blockchain technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether governmental authorities will regulate such technologies. It is likewise difficult to predict how or whether any governmental authority may make changes to existing laws, regulations and/or rules that will affect cryptographic tokens, digital assets, blockchain technology and its applications. Such changes could negatively impact CASE Tokens in various ways, including, for example, through a determination that CASE Tokens are regulated financial instruments that require registration. **Company** may cease the distribution of CASE Tokens, the development of the CASE Ecosystem or cease operations in a jurisdiction in the event that governmental actions make it unlawful or commercially undesirable to continue to do so.

7.7. Risk of Government Action: As noted above, the industry in which **Company** operates is new, and may be subject to heightened oversight and scrutiny, including investigations or enforcement actions. There can be no assurance that governmental authorities will not examine the operations of **Company** and/or pursue enforcement actions against **Company**. Such governmental activities may or may not be the result of targeting **Company** in particular. All of this may subject **Company** to judgments, settlements, fines or penalties, or cause **Company** to restructure its operations and activities or to cease offering certain products or services, all of which could harm **Company’s** reputation or lead to higher operational costs, which may in turn have a material adverse effect on the CASE Tokens and/or the development of the **CASE Ecosystem**.

ARTICLE EIGHT: LIMITATION OF LIABILITY; INDEMNIFICATION

8.1. Limitation of Liability: To the fullest extent permitted by applicable law, **Buyer** disclaims any right or cause of action against the **Company's Parties** of any kind in any jurisdiction that would give rise to any Damages whatsoever, on the part of any CASE Ecosystem Party. Each of the **Company's Parties** shall not be liable to **Buyer** for any type of Damages, even if and notwithstanding the extent a **Company's Party** has been advised of the possibility of such Damages. **Buyer** agrees not to seek any refund, compensation or reimbursement from a CASE Ecosystem Party, regardless of the reason, and regardless of whether the reason is identified in this Agreement.

8.2. Damages: In no circumstances will the aggregate joint liability of the **Company's Parties**, whether in contract, warrant, tort or other theory, for Damages to Buyer under this Agreement exceed the amount received by **Company** from **Buyer**.

8.3. Force Majeure: **Buyer** understands and agrees that **Company** shall not be liable and disclaims all liability to **Buyer** in connection with any force majeure event, including acts of God, labor disputes or other industrial disturbances, electrical, telecommunications, hardware, software or other utility failures, software or smart contract bugs or weaknesses, earthquakes, storms, or other nature-related events, blockages, embargoes, riots, acts or orders of government, acts of terrorism or war, technological change, changes in interest rates or other monetary conditions, and, for the avoidance of doubt, changes to any blockchain-related protocol.

8.4. Release: To the fullest extent permitted by applicable law, **Buyer** releases the **Company's Parties** from responsibility, liability, claims, demands, and/or Damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between Buyer and the acts or omissions of third parties.

8.5. Indemnification:

(a) To the fullest extent permitted by applicable law, Buyer will indemnify, defend and hold harmless and reimburse the **Company's Parties** from and against any and all actions, proceedings, claims, Damages, demands and actions (including without limitation fees and expenses of counsel), incurred by a **Company's Party** arising from or relating to:

- (i) Buyer's purchase of rights to future CASE Tokens;

(b) **Company** reserves the right to exercise sole control over the defense, at **Buyer's** expense, of any claim subject to indemnification under this Section 8.5. This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between **Buyer** and **Company**.

Informal Dispute Resolution: **Buyer** and **Company** shall cooperate in good faith to resolve any dispute, controversy or claim arising out of, relating to or in connection with this SAFT, including with respect to the formation, applicability, breach, termination, validity or enforceability thereof (a "**Dispute**"). If the **Parties** are unable to resolve a Dispute within ninety (90) days of notice of such Dispute being received by all **Parties**, such Dispute shall be finally settled by Binding Arbitration as defined in Section below.

9.2. Binding Arbitration: Any Dispute not resolved within 90 days as set forth in Section 9.1 shall be referred to and finally resolved by arbitration under the London Court of International Arbitration (LCIA) rules in effect at the time of the arbitration, except as they may be modified herein or by mutual agreement of the **Parties**. The number of arbitrators shall be one who shall be selected by **Company**. The seat, or legal place, of arbitration shall be London, England. The language to be used in the arbitral proceedings shall be English.
